Release Notes 2022.03

Introduction

We are delighted to announce the release of Nexelus 2022.03 SP1. This release incorporates enhanced functionality. Details on enhancements and updates are mentioned below.

Enhancements:

Voucher Entry UI Enhancement

Voucher entry user interface has been enhanced to allow for partial credit memos for posted vendor invoices.

Please contact your designated consultant if you have any questions.

Media Payable Matching UI Enhancements

Media Payable Matching functionality has been enhanced to allow users to select the payable tax code at the Insertion Order level.

Please contact your designated consultant if you have any questions.

Minor Updates and Fixes -

1. Media optimization user interface has been updated with the enhanced Import/Export functionality.
2. Trade Desk integration is now available in Media Optimization user interface.
3. An issue with unapproved jobs showing up in the Fixed Schedule Billing user interface has been addressed.
